

# City of Coral Springs

## Marine Industries Association of South Florida's Waterway Cleanup Day

The Marine Industries Association of South Florida, Inc. is an organization concerned with improving all aspects of marine facilities, activities, and the waterways of Broward County for the benefit of the entire community for the past 49 years. Broward County's Waterway Cleanup Program has been in existence for 33 years. The City joined this effort 15 years ago, and since then we are proud to take part in this countywide effort.

Therefore, we, the City Commission of Coral Springs, Florida, proclaim March 6, 2010 as "Marine Industries Association of South Florida's, Broward Waterway Cleanup Day."

February 16, 2010
